

Arts for Learning Photo & Video Waiver 2020

Dear Parents, Teachers, Guardians, and Coordinators:

Arts for Learning is providing an artist performance, residency, or workshop at a school, community site, or other program your child is involved in. Our organization is the oldest and largest provider of professional arts education programs for youth in Indiana. **Arts for Learning** works with over 120 artists and arts organizations to provide young people with the opportunity to experience the arts directly.

As a part of this programming, at times **Arts for Learning** will take photographs or videos of children working with our professional artist. These photographs and videos may be used in our newsletter, website, social media, marketing publications, or online media. For security reasons, the child's name will never be used with the photograph. **Arts for Learning** respects the child's privacy and is asking your permission to take your child's picture. Please sign this form and return to your child's classroom teacher or program supervisor.

I give permission for my child's photograph to be used for promotional and documentary purposes by Arts for Learning.
